

Introductory price of \$495 / year*

The **Private Sector Source** is a web-based information tool that provides CPOs, lawyers and compliance professionals with practical and cost-effective access to the resources required to manage strategic and day-to-day privacy compliance responsibilities in Canada.

Easily search the **Private Sector Source** platform for:

- AccessPrivacy^{HB} digests of all PIPEDA case summaries and relevant case law;
- Federal and Provincial private sector privacy legislation;
- Privacy regulatory orders, decisions, guidelines and other resources issued by Federal, Alberta and British Columbia privacy regulatory authorities.

Browse our AccessPrivacy^{HB} content "Hubs," consolidated web pages of resources about topical privacy issues including:

- Privacy and security breach notification and response;
- Safeguarding personal information;
- Outsourcing and transborder data flows;
- Statutory and common law tort of invasion of privacy;
- Employee monitoring;
- Government-issued identification;
- Video surveillance;
- Right of access to personal information;
- Canada's anti-spam legislation.

Who We Are

AccessPrivacy^{HB} is an integrated service offering, complementary to the Heenan Blaikie LLP Canadian National Privacy and Information Management Law practice. Members of the AccessPrivacy^{HB} team provide privacy and information management consulting services to organizations in the private, public and broader public sectors in Canada. Our team has a unique blend of consulting and legal experience that allows us to provide timely, practical and cost-effective business solutions.

Our clients count on the AccessPrivacy^{HB} team to provide high-quality, integrated consulting and legal services solutions to meet their privacy, compliance and information governance needs.
